**Bid Card Registration:** The sale will be conducted using the bid card system. Please register prior to the commencement of the sale with the selling agents  
PIC NUMBERS ARE REQUIRED WHEN PURCHASING.

**Payment Terms:** 10 days from sale date.

**100% Guaranteed:** \*Guarantee covers fertility, temperament and structural faults that affect fertility for 12 months from purchase. Credit provided to the value of the original purchase price.

# Incentives

**Free Delivery:** is available to the following areas: Brisbane/Moreton, Darling Downs, Rockhampton, Springsure, Roma & Wide Bay/Burnett. Other destinations will be considered, please contact the vendors prior to the sale. Local livestock carrier Smiths Transport travels throughout Qld with frequent backloads at very reasonable prices.

**Travelling over 400kms..... \$50.00 per head**

**Travelling to NT/WA..... \$75.00 per head**

Please note: We will take all care to deliver your purchases to you safe and sound. All care taken but absolutely no responsibility will be accepted. Vendors advise that you take the opportunity to insure your purchases as you are responsible for the animal at the 'fall of the hammer'.

**Outside Agents Rebates:** A rebate of 4% will be paid by the vendors to outside agents introducing buyers in writing 48 hours prior to the sale. Agents are to conduct settlement on the buyer's behalf within 10 days of sale completion. Rebates are subject to vendor's approval.

# COVID Plan

A COVID plan will be in place for all attending the sale location. This will include:

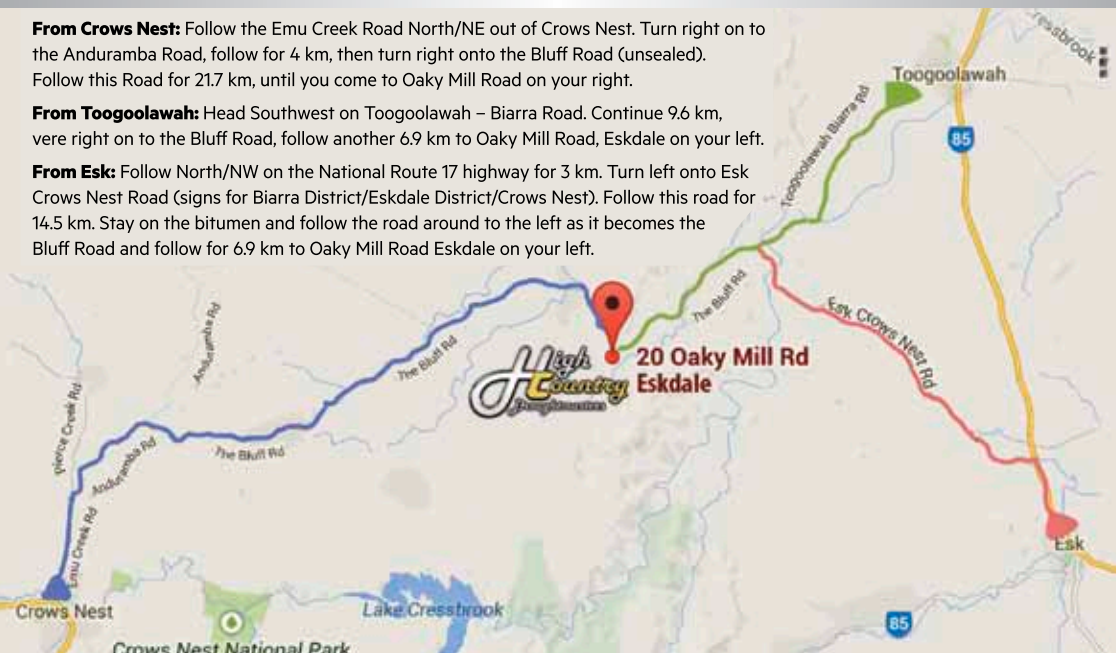

- If you are exhibiting any signs of illness, including but not limited to, cough, shortness of breath, fever, flu like symptoms and lethargy we ask that you do not attend our event.
- No one who is within the mandatory 7-day isolation period after testing positive to Covid will be allowed on site. If someone in your household is covid positive, we ask that if you do attend that you wear a mask at all times and also have a negative covid test on the day of attendance.
- Social distancing to be carried out at all times.
- Hand sanitiser will be available as well as bathrooms for hand washing.
- Mask protocols if current as of the sale day will be abided by.

# Directions

**From Crows Nest:** Follow the Emu Creek Road North/NE out of Crows Nest. Turn right on to the Anduramba Road, follow for 4 km, then turn right onto the Bluff Road (unsealed). Follow this Road for 21.7 km, until you come to Oaky Mill Road on your right.

**From Toogoolawah:** Head Southwest on Toogoolawah – Biarra Road. Continue 9.6 km, veer right on to the Bluff Road, follow another 6.9 km to Oaky Mill Road, Eskdale on your left.

**From Esk:** Follow North/NW on the National Route 17 highway for 3 km. Turn left onto Esk Crows Nest Road (signs for Biarra District/Eskdale District/Crows Nest). Follow this road for 14.5 km. Stay on the bitumen and follow the road around to the left as it becomes the Bluff Road and follow for 6.9 km to Oaky Mill Road Eskdale on your left.

**TOP PRICED BULL**

**\$150.00**

**TOP PRICED FEMALE**

**\$150.00**

# Welcome!

We welcome you to our 9th Annual High Country Droughtmaster Bull and Female Sale

Our breeding objectives remain as strong as ever, centred around fertility, growth and performance. The last year has our commercial operation in full swing with 450 commercial Droughtmaster breeders in cross breeding programs and commercial replacement breeder production. This is allowing us to create more performance data on our genetics and ensure we keep very focused on commercial beef production traits. 2022 has seen us utilise strong genetics from our extensive genetic pool of sires. First progeny from Rondel Whiskey purchased in partnership with High Country, Nindethana and Glenlands D for the record-breaking price of \$160,000 are exceeding expectations. The sale this year has 52 bulls by 14 sires and 30 females by 10 sires. Once again, we provide you an early opportunity to gain genetics from some great sires and dams from our herd.

As we are sure you are aware, cattle numbers are low and demand is high, driving prices of breeder females up. High Country Droughtmaster bulls can play a very important role in helping you rebuild or further improve your breeding herd. Having an efficient and fertile female is critical in obtaining good returns from your property and all your efforts. Consider using one of our bulls to breed not only replacements for yourself, but also to be able to help boost cattle numbers throughout Australia by offering replacement females. In rebuilding your herd or increasing your herd, you cannot afford to compromise on quality. Our extensive testing and performance testing is there to help you make easier decisions. All our bulls are also morphology tested ensuring you have every opportunity to have a bull that is going to perform for you.

Being the first QLD Droughtmaster bull sale of the season, our bulls, our genetics and performance stats have always ensured they have sold well. This year consider buying early with bulls that have been thoroughly tested and have the best guarantees in the breed. Our sale, being a single vendor sale, ensures we can prepare our bulls to our specifications, which allows us to showcase their capabilities, without overfeeding and risking damage to their semen quality or longevity. You can therefore be confident, knowing that our bulls and heifers will ensure your success.

We thank you for reviewing our catalogue and we are proud to provide you once again with our 100% satisfaction guarantee and 6 months free insurance. As well as your bulls and females delivered to your yards or to the nearest centre. We strive to make cattle buying easy and as stress free as possible. We want to thank our great repeat buyers who have been supporting us throughout our 8 sales.

We would like to thank our generous sponsors Shepherdson and Boyd, Nutrien Ag Solutions, Suncorp, Riverina, OBT, Feedpro and Esk Grand Hotel.

# Our Team

## Paul Laycock

Paul has a lifelong passion for cattle breeding and production and a wealth of knowledge when it comes to business management, marketing and client relationships,

He strives to exceed our clients expectations and ensure they have success with High Country Genetics.

Paul is a past President of the Droughtmaster Association.

## Lisa Sunners

Lisa brings experience both as a Veterinarian and member of the Australian Cattle Veterinarians as well as years working as an Animal Nutritionist.

She places a great emphasis on the importance of fertility, nutrition, health and structural soundness, their impact on longevity and the flow on effects on a breeding enterprises profitability.

## Steph Laycock

Graduated from University with a Bachelor Agribusiness and Bachelor of Sustainable Agriculture majored in Livestock, Steph's passion for cattle and beef production is palpable.

She is involved in all aspects of the stud including animal health, selection, genetics, growth and development, breeding objectives, and presale testing and preparation as well as breaking in and preparing our show cattle. She also runs her own herd, High Country 'S' Droughtmasters and has bulls and females in the sale.

## Gareth Laycock

Gareth is the main contact for High Country Livestock Supplements. He is responsible for organising clients and orders. He also plays a vital role in crop management and bull sale preparation.

He has his own Simmental Stud with his fiance Emily, Biarra Valley Stud where they sell bulls at many sales every year including their own Clay Gully sale in Rockhampton.

## Russell Fogg

Russell is responsible for the day to day management of our stud and commercial breeders. He brings with him a wealth of local breeder knowledge and is responsible for much of the mustering work as well as preparing weaners for our annual local weaner sale.

## Sam Zabel

Sam works on all aspects of the cattle and hay operation. He works daily on crop and hay production, cattle management and farm maintenance. He is a valued member of the team assisting with getting the sale team ready in every aspect of the operation.

# Health Treatments & Preparation

- All cattle will be pre-treated for ticks allowing clearance after one on property inspection before loading.
- All cattle have been vaccinated with 7 in 1, 3 germ tick fever and botulism. Heifers have also been vaccinated against Pestivirus and bulls against 3 day sickness (BEF).
- All cattle have undergone genetic testing for their Horn/Poll status, Sire Tracing sire confirmation and proven to be both free of Pompes disease and not be carriers. All cattle have been proven to not be persistently infected (PI) with Pestivirus (BVDV), (explanation of the test results on the Test Interpretation page).
- Bulls have undergone a full Veterinary Bull Breeding Soundness Exam (VBBSE) by Dr Bill Roughan from South East Country Vets that includes structural assessment, semen motility testing and mouthing. Semen morphology assessment was undertaken by morphologist John Cooper from Just Genes.
- All cattle have been grazed on native and Rhodes Grass Pastures, with adlib sorghum silage and Rhodes grass hay and access to limited amounts of Riverina pellets fed through Advantage feeders which limit the amount of feed available.
- Bulls have been scanned for Eye Muscle area, Intramuscular fat %, P8 and Rib fat measurements by accredited scanner, David Reid.
- Bulls and females have been performance recorded through Group Breedplan.
- Heifers have been pregnancy tested empty unless listed as joined.
- Cattle are all JBAS 7.

# Testimonials

At Ashvale Station, we run approximately 1500 breeders. We have purchased High Country bulls annually since 2015 both at auction and in the paddock. These bulls, prepared on a silage based preparation, have never missed a beat. They had high conception rates, especially in the first 28 days of joining and were bloody good workers. Calving ease has also been impressive. We have never specifically picked "heifer bulls", but all of the bulls have produced small calves. Temperament is another massive benefit to our operation. It is unreal! Not only are the bulls awesome, but the calves are second to none.

I am greatly looking forward to having a Droughtmaster breeder herd greatly influenced by the High Country bloodlines. Their doing ability, high

fertility and impeccable temperament make them a pleasure to work with. High Country breed real cattle for the real world, surpassing our expectations, doing as they claim in a working environment and not just the showing.

**David Thallon, Ashvale Station, Harlin Qld.**

Grey Gum Droughtmaster Stud in the Scenic Rim have two Stud sires and 10 females from the High Country Stud. Genesis, one of the first offered sons of Glen Fosslyn Idol and Hadley, a Glenlands Quarry son. The bulls have genuine sire appeal, above average EBV's, come from fertile bloodlines, are imposing figures and yet, are easy to work with. Both bulls have performed, achieving a +97% calving rate in the their single sire herds each year. 85% of their calves came in the first 6 weeks of the calving period this past season. No calving difficulty has ever been recorded in our program. The females haven't missed a calf, are good mothers with plenty of milk and have continually been at the front end of calving windows.

We are very happy with the addition of High Country Genetics to our herd.

**The Gee Family,  
Grey Gum Droughtmasters**

We have purchased a number of joined and unjoined High Country females and have been thrilled with their performance. They are extremely quiet, easy to handle and an absolute joy to have in the paddock. Highly fertile, they calve easily, milk well, and have each produced quality calves, the most notable of which is Nindethana Henrietta who has been a successful member of our show team during the 2016 and 2017 show season, winning multiple broad ribbons including Junior Champion heifer at 2016 Royal Queensland Show. We have also been extremely happy with how easy the High Country team is to deal with and the wonderful after sales service.

**Bronwyn Betts & Michael Hawkins, Nindethana  
Droughtmasters, Camp Mountain Queensland.**

# Test Interpretation

## Horn/Poll

The Horn/Poll test utilises new SNP technology to provide accurate data on the genotype of the animal (not just the phenotype or how it appears). It provides information about whether the animal carries two copies of the Poll gene (PP - homozygous), or one copy of the gene (PH - heterozygous). Poll/horn status of calves depends on what these bulls are mated to. Homozygous (PP) animals will never produce a horned calf. Heterozygous (PH) bulls will never produce a horned calf if mated to homozygous polled females. If a PH bull is mated to genetically scurred PH females, 75% of the calves will not have horns. If a PH bull is mated to horned HH cows, 50% of the calves will not have horns. Indeterminate (I) means the presence of a polled variant cannot be definitively determined or results are not consistent with an animal possessing a known polled genotype. NB: A rare occurrence in Bos Indicus cattle is the so called "African horn gene" where rarely a calf born to cows carrying this gene can have horns regardless of the poll variants of the bull.

## Pestivirus PI

This test determines whether an animal is 'persistently infected' (PI) with Pestivirus. Affected whilst still in the uterus, PI animals never mount an immune response against the virus, accepting it into their body before their immune system has become effective. These animals shed virus throughout their life the same as they would shed skin or hair cells and are directly responsible for spreading Pestivirus through a herd, causing abortions, stillbirths and low pregnancy rates. All of our animals have been tested PI negative.

## Morphology

Semen quality has a massive impact on pregnancy rates within a herd and affects profitability as fertility is a key performance indicator. Semen motility or a 'crush side' test only provides half the story as it merely indicates the percentage of progressively motile (or normally swimming) cells. Morphology is the assessment of a sample of 100 sperm cells which looks for further faults within the seemingly normal cells. These microscopic changes can include faults that allow affected cells to enter the ovum (egg), prevent other cells entering, only to either not produce a pregnancy or to produce an embryo that is not viable. Bulls can pass sperm motility 'crush side' tests, but still be infertile if their morphology % is low. Morphology therefore is a much more detailed assessment of sperm cells and provides a far better idea of the fertility of a bull.

## Sire Tracing

Sire Tracing parentage testing compares DNA markers from the sires with DNA markers from the calves to verify the parentage. All lots have been sire verified except those listed as being sired by Droughtmaster Bull or any lots listed otherwise.

## Pompes disease

An inherited genetic disorder that involves a deficiency of an essential enzyme which in turn causes glycogen to build up in muscle and nerve cells, affecting function and ultimately causing death in the animal. A recessive disorder, it involves a mutation of the E7 gene and requires an affected gene to be passed down from both the sire and the dam. Animals with two copies of the gene have the disorder and succumb to the disease and die within the first 12 months of life. Our genetic testing picks up animals that are 'carriers' of the disease and carry one defective gene. They show no signs, but can pass this on to their offspring. This disease is found in Brahmans, Shorthorns and all derivatives of these breeds. Our sale lots have tested negative as either carriers or affected by this rare disease.

# Co-operative breeder herds

High Country Droughtmasters and the growth of both the stud and sale is a passion for our family. This love of what we do has led us to meet some wonderful like minded fellow breeders over the past 9 years, which we are very grateful to be able to call friends. We are very proud to have forged long-term relationships with these wonderful people, allowing us to share genetics for the betterment of both our herds whilst enjoying breeding and producing ever improving cattle. These are our co-operative breeders...

## **Ivan and Carol Hayes – Coes Creek Droughtmasters**

Wonderful people and with an impressive herd of large framed, higher content breeders, initially with a strong influence of Billabong bloodlines that has produced a herd of easy maintenance and easy doing females that are both milky and excellent mothers. We, through this herd, have access to genetics from Billabong Archer, Billabong Winday and Coes Creek Comet. Equally, Ivan and Carol annually choose sires and have utilised Glen Fosslyn Idol and High Country Game On from our sire battery. We are grateful to be able to work so closely with Ivan and Carol and proudly offer you bulls that share their genetics. We wish Ivan and Carol all the best with their future endeavours with the sale of their property and herd to Saddleback Pastoral who will continue as a Co-operative breeder.

## **John and Deb Walton – Biarra Glen Droughtmasters**

Running a very successful and extremely diverse set of agricultural units, John and Deb are neighbours of ours, who we originally met through admiring their beautiful herd of Droughtmaster breeders. Based originally on Happy Valley bloodlines, the herd comprises purebred, moderately framed, fertile, smooth coated and feminine females, now registered as a stud operation. John and Deb have utilised Oasis Wallace with this herd. We thank John and Deb for this opportunity to utilise their herd, thereby allowing us to offer even more bulls by this range of sires.

## **Tim Collins and David Thallon – Ashvale Station**

Originally, Ashvale Station were clients of ours and purchasers of our bulls at the annual sale. Feedback that we received was that our bulls were performing well, getting plenty of calves that were born small and growing quickly. We were privileged to forge a partnership with Tim and David and they have allowed us access to their young herd of genetically strong purebred females. Ashvale Station continues to purchase individual bulls annually from us to fulfil their needs. We also share a range of bulls from our sire battery annually. Currently Billabong Castlemaine.

We are excited by the potential of Ashvale Station and again feel privileged to be able to offer commercial bulls from this partnership.

# Sire Reference

## **GLENLANDS D WHYNOT (P) D5**

S: GLENLANDS D RAMBO / D: GLENLANDS 10312

We purchased a 3/4 share in Whynot for \$47,500. Sired by Dual RNA Champion sire Rambo and with greats like Maximillion and K.B. close up in his pedigree. At 22 mths, he was 914 kgs with 143 EMA.

Bone, length, muscle, power and a bombproof temperament, he is an exciting addition. Heifers have sold to \$11,000. Morph 83%.

**Represented by Lots 7, 8, 10, 47, 49, 53, 54, 55 and 81**

## **OASIS WALLACE (P) D5**

S: F.C.C. ARCHER / D: OASIS HOPE

Purchased for \$15,000, he was chosen for his strong polled head, heavy bone and growth for age. At 28 months, 922 kgs, fats 14/10, EMA 138, scrotal 41cm. Bulls have sold to \$27,000. Calm temperaments, excellent semen quality in his bulls and all polled. Morphology 88% normal.

**Represented by Lots 22, 32, 33, 48 and 62**

## **GLEN FOSSLYN IDOL (P) D4**

S: GLEN FOSSLYN EXELBY / D: GLEN FOSSLYN EMPRESS 7

The \$16,500 top priced Glen Fosslyn 2015 sale bull. Selected for his perfect sheath, strong polled head, growth for age and his excellent bone and feet. One of our lead sires. Bulls have topped at \$21,000 and females to \$13,000 and retained sire Game On. 'Top 1% for 400 day, 600 day and Mature Cow breedplan figures and top 5% for 200 day breedplan figures. Morphology 94%.

**Represented by Lots 1, 12, 27, 28, 30, 45, 56, 57, 63, 67, 68, 73, 75, 77 and 82**

## **HIGH COUNTRY GAME ON (P) D5**

S: GLEN FOSSLYN IDOL / D: NELMA BEAUTY

Retained for his low birthweight, scale, growth for age ( 800kgs at 19 months), perfect underline, strong polled head, thickness, perfect feet and legs, 41 cm scrotal circumference and his bomb proof temperament. His first sons sold to a top of \$20,000. Morphology 71%.

**Represented by Lots 5, 6 and 46**

## **HIGH COUNTRY EDWARD (S) D5**

S: BILLABONG XAVIER / D: BALMORAL RIDGE KATE

Our outstanding retained sire. What an impact he is making on our herd. Rare mix of tropical attributes together with impressive carcass traits. He stamps his calves with skin, thickness, length and style. He has sold heifers to \$8000 and bulls to \$18,000. Morphology 82%.

**Represented by Lots 15, 16, 29, 41, 76 and 79**

# Sire Reference

## **BRYVONLEA RAMBO (P) D5**

S: SKYE WILFRED / D: BRYVONLEA FANCY SUNDAY

We purchased a 3/4 share in Rambo for \$15,000. Rambo ticked all of the boxes and is a powerhouse of bone and muscle with a strong sire's presence. A 27-month, milk tooth bull, he weighed 964 kgs, EMA 147, SC 40.5, homozygous polled. Sons have sold to \$22,500. Morph 87%.

**Represented by Lots 44, 59, 60 and 64**

## **GLENLANDS D VENTURA (H) D5**

S: GLENLANDS RESOLUTION / D: GLENLANDS 13574

We purchased a 3/4 share in Ventura for \$15,000, a Comanche Chief grandson and with a pedigree containing Macquarie, Swan 1636 and Talgai 730. Strong backline, standing on outstanding bone and with impressive thickness. 29 mths, 986 kgs, 146 EMA. Morph 73%.

**Represented by Lots 3, 26, 58, 65, 71, 72 and 78**

## **BILLABONG ARCHER (P) D5**

S: BILLABONG NEVADA / D: BILLABONG 4302

Utilised through Ivan and Carol Hayes co-operative herd, this Billabong Nevada son, shares the same sire with Billabong Xavier. Long, thick, excellent bone and with a strong backline, he is throwing tremendous lines through both his bulls and females. Has sold bulls to \$15,000. Morphology not tested.

**Represented by Lots 21, 34 and 38**

## **LOCARNO LENNOX (P) D5**

S: MEDWAY OOMBABEER / D: LOCARNO BRONTE

Purchased for \$20,000 at the 2017 DN Sale. A standout at 22 months, homozygous polled, perfect sheath, 850kgs, 142 EMA and 95% Morphology. These are the last sons of Locarno Lennox to be offered.

**Represented by Lots 11, 13, 19, 20, 23 and 31**

## **HIGH COUNTRY FACTOR (P) D5**

S: GLENLANDS QUARRY / D: LAKE MOOGERAH TR631

Long, incredible thickness, heavily hooded eyes, tidy underline, perfect legs and feet out of a very fertile cow. He has EBV's in the top 5% of the breed for 200, 400, 600 days and milk and at selection had an EMA of 138cm. Morph 89%. His sons have sold to \$15,000.

**Represented by Lots 9, 17 and 35**

# Sire Reference

## COES CREEK COMET (P) D5

S: ARG A DARGA GLIDER / D: LIZZIE LOU RUBY

A retained son of Glider, Comet is a clean poll, long and thick set young bull with an excellent temperament. Comet is utilised through Ivan and Carol Hayes co-operative herd.

**Represented by Lots 18, 39 and 40**

## COES CREEK EVEREST (P) D5

S: BILLABONG WINDAY / D: ANGLE ZED 3105

Everest is a standout young sire, PP and weighing 1200kg at 3 years of age. This sire has bone, length, growth for age, overall sire appeal with a bombproof temperament to match. We are extremely excited to utilise Everest in our program. Morphology 80%.

**Represented by Lots 2, 4, 14, 24, 25, 36, 37, 42, 51, 69, 70 and 80**

## GLENLANDS D BATED BREATH (S) D5

S: EBONY HILLS CHOIRBOY / D: GLENLANDS D 3367

A bull with a strong sires head and broad muzzle, excellent tropical coat, with plenty of supple skin, but still with a light underline. Very balanced and with a great muscle pattern and incredible softness. At 22 mths, he was 870 kgs, with a 130 EMA, 12/8 fats, 39 scrotal and 76% morphology.

**Represented by Lot 74**

## HIGH COUNTRY GUINNESS (P) D5

S: BILLABONG WINDAY / D: COES CREEK GEORGINA

Retained as a son of Winday, Guinness is a PP homozygous poll with plenty of punch. He has been used lightly each season between our stud and commercial operations we are happy with his progeny.

**Represented by Lot 61**

## RONDEL WHISKEY (P) D5

S: WAJATRYN 2338 KNIGHTLY / D: RONDEL SKITTLES

Our \$160,000 DN 2020 purchase. PP, long, growthy, bone, skin, temperament and great morphology. A bull that was hard to beat on every front and continues to impress. Whiskey ticked every box for us and we are proud to offer the first of his female progeny this year. Morphology 85%.

**Represented by Lot 66**

# Sire Reference

## **HIGH COUNTRY GUNSHOT (P) HB**

S: HIGH COUNTRY CONQUEROR / D: PUREBRED  
DROUGHTMASTER FEMALE

Gunshot was a young bull purchased by our cooperative breeder herd Ashvale Station. A tidy and stylish young calf with skin and natural thickness.

**Represented by Lot 43**

## **HIGH COUNTRY GALVESTON (P) D5**

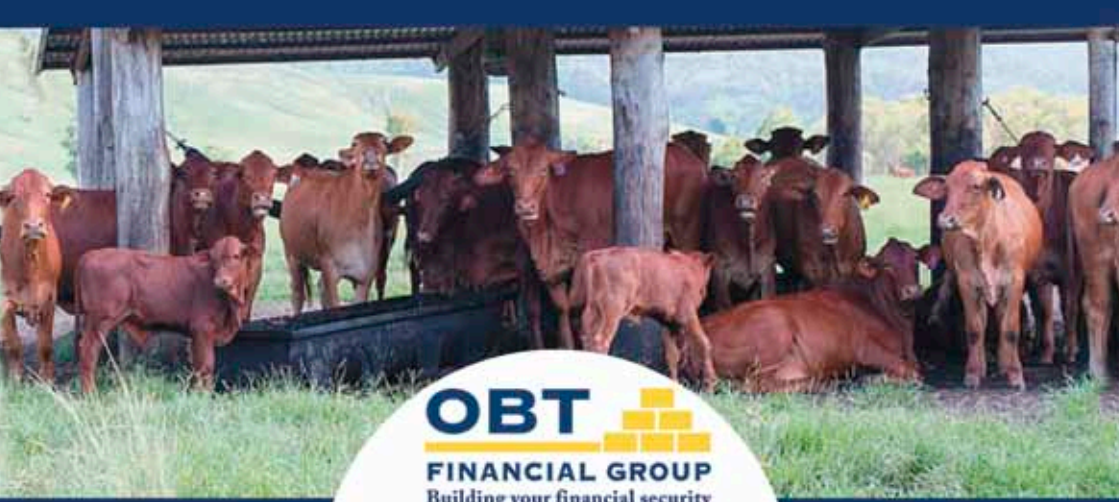

S: OASIS CHIEF / D: BALMORAL RIDGE KATE

Galveston was a young bull purchased by our cooperative herd Ashvale Station. Galveston is a sire with length, style and exceptional underline and a bombproof temperament that is PP.

**Represented by Lot 52**

# WHAT IS THE FUTURE OF YOUR FAMILY FARM?

## TAKE THE FIRST STEP IN SUCCESSION PLANNING WITH OBT FINANCIAL GROUP

Making the decision to get started is the hardest. Our team can assist you and your family with discussions relating to:

- What the exiting generation wants to do - where they'll live and what they'll do in retirement
- Identifying needs and aspirations of each family member in each generation
- Managing expectations amongst family members
- Looking at transferring management and control of the farm over time
- Sorting out how to transfer ownership of the farm
- Drafting agreements for the incoming generation including provisions for non-farming children
- Setting up appropriate structures and nature of entities required

**Start the conversation today! Talk with someone who knows and cares about farming families.**

GLENLANDS QUARRY (P) D5

**Dam:** COES CREEK FELICIA(P) H3D18061F D5

THE ARGYLL LETHAM (P) D5

Dam has produced 2 calves in 2 years, Kolt being her first calf and a weaner.

Kolt is one of the standout bulls in our 2022 draft. Extremely well balanced, correct, thick with a perfect underline. A calf not to be missed by stud or commercial buyers. A very correct and well-muscled calf with nothing to fault. Sired by our leading sire Glen Fosslyn Idol and out of a Quarry female with Top 10% 200 day EBV's and Top 1% 400 and 600 day EBV's.

**Dam:** HIGH COUNTRY GLITTER (ET) (P) 4LH16493F D5

NELMA MONIQUE (P) D5

Dam has produced 3 calves in 3 years, a sale female to Traveston Heights Stud, Kai and a weaner bull.

Kai has been a standout since he was a calf with the genetics to back him up. Outstanding thickness, bone and skin. This impressive calf has all the characteristics of his sire Ventura and would be the ideal calf to produce early maturing weaners or bulls with punch. Being a horned calf, he will add impressive power and bone to any herd.

## LOT 24 HIGH COUNTRY S KNOX (P) 4LS2072M D5

Poll Status: PP

Brand: 72

Calved: 10/09/20

Age: 23 Mths

BILLABONG WINDAY (P) D5

**Sire:** COES CREEK EVEREST(P) H3D17528M D5

ANGLE ZED 3105 (P) D5

MINLACOWIE LAMBERTI 5533 (S) D5

**Dam:** MOSTYNDALE HARPER(P) EH815594F D5

MT. OSCAR INDULGE (P) D5

Dam has produced 4 calves in 4 years, a Sale Bull, a commercial female, Knox and a weaner bull.

Knox has been a standout for his type since he was a calf. He has to be admired for his tremendous length of body, strength of topline, natural muscle and a good strong PP, homozygous polled head. Character typical of the Everest sons.

BILLABONG MAJESTIC (P) D5

**Dam:** BALMORAL RIDGE KATE (P) HKC06117F D5

BILLABONG MARY-KATE (P) D5

Dam has produced 7 calves since purchase and was only culled this year at 17 years of age, never missing a calf. She has produced retained sire Edward, Galveston to Ashvale Station utilised in our cooperative program, a retained female, Joandra to Major stud for \$11,000 with Karlisle being her last calf.

From one of our most consistent female lines, Karlisle is a tidy young bull. He is long, smooth and typey with a polled sirey outlook. He is the youngest calf in the draft at 19months of age and has plenty of room to grow and should not be missed. His brothers have been producing standout calves with sons of Edward and Galveston in the 2022 Sale draft.

# Terms and Conditions

**GST CLAUSE** The auction shall be conducted on the basis that the bid price shall be exclusive of goods and services Tax (GST). GST shall be added after the fall of the hammer for those sales subject to GST.

All bids shall be treated as offers made upon the following Terms and Conditions of Sale and all persons present are admitted to attend the Sale on the basis that they have notice of these Terms and Conditions.

1. The highest bidder shall, subject to condition 2, be the Purchaser provided that the Vendor reserves the right to bid either by himself or through his Agent or Auctioneer and should any dispute arise among bidders for any lot during or immediately after sale of the lot, it shall be settled at the Auctioneers absolute discretion who may, should one of the disputants advance, put the Lot or Lots up again. The bidding from time to time shall be regulated by the Auctioneer and no bid shall be retracted.
2. The Sale will be conducted on a "Sale" or "No Sale" basis whereby the Lot for sale shall be knocked down to the highest bidder, but the Sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "No Sale" . Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the terms and conditions herein set forth in so far as they apply.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefore, to:-
  - (a) Refuse to acknowledge bid;
  - (b) Withdraw any lot or lots before or during the sale;
  - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and the expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be earlier.
6. Except as expressly provided in these terms and conditions of sale no guarantee or warranty shall be given in respect of any lot sold under these conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or conditions whatsoever shall be implied from any affirmation made before or at the time of sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee, warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:-
  - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions;
  - (ii) The vendor and the purchaser shall resolve the dispute themselves;
  - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
  - (iv) No lots shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledge to have been furnished to purchase prior to the sale and further particulars will in all case be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as Agent for a disclosed principal.
9. (a) **PAYMENT** - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the

# Terms and Conditions

- highest bid or the highest bidder's offer by the vendor and prior to delivery. Notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold is not passed to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment, not have been made and liquidated within 14 days of the sale the auctioneer reserves the right to:-
- (I) Rescind the contract on behalf of the vendor and repossess and resell any lot;
  - (II) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the AMBA bill rate and two per centum. For the purposes of this condition, the expressions "the AMBA bill rate" is the rate published by the Australian merchant bankers association in good faith as at the date of the sale as its bill rate becomes unavailable for any reason, the auctioneer shall determine and advise for the purposes of this condition.
9. (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer by its own name.
10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice at the risk of the former purchaser who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing there from.
11. Any vendor or purchaser removing the sale number from any lot after it has been sold will full indemnify all affected parties for any loss, costs, or damage should the lot be wrongly delivered.
12. The purchases, if more than one, shall be jointly and severally bound by these terms and conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, than that person will be held personally liable for the price so agreed upon, regardless of the fact that the person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be constructed to be by way of guarantee.
14. The auctioneer may, should he thinks fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the trade practices act or any applicable state legislation which cannot be contractually excluded and accepting conditions and warranties expressly contained in these terms and conditions of sale, and express or implied conditions, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annual sale or reject the lot or claim compensation, damage or abatement in price.
16. (b) Each lot will be sold subject to passing all veterinary tests required by the law of the state or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and conclude immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, and any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.

# Terms and Conditions

## GUARANTEES OF FERTILITY:-

17. (a) BULLS. Save and expect for calves at foot, all bulls are guaranteed breeders and to so prove within 12 months of the date of the sale or by reaching the age of 30 months whichever date shall be later.
17. (b) FEMALES. Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within 6 months of the date of sale or by the age of 30 months whichever date shall be later. A positive pregnancy test certified by a qualified veterinarian surgeon shall be sufficient evidence that the animal is in calf.
17. (c) Claims under clauses 17.(a) and 17.(b) guarantees of fertility shall be made to the vendor within 12 months from the date of sale or prior to the animal entering a quarantine area other than the vendor's property.
- (i) All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.
- (ii) Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by guarantee.
- (iii) The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding 6 months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.
17. (d) LIABILITY OF A VENDOR. Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal/s or provide mutually agreed upon replacement animals.
17. (e) REFUNDS. In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.
17. (f) this guarantee shall be voided by the purchase if:-
- (i) the animal is returned to the vendor-
- (a) In poor physical condition or with any injury.
- (b) Tests carried out on behalf of the vendor within fourteen days of such return proved positive to any disease which may affect the animals fertility or ability to breed naturally or
- (ii) The purchaser has collected and stored semen from a bull or embryos from a female.
17. (g) In the event of dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that the lot is alleged or proven not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident, or otherwise for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servant's, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
19. The descriptions of the animals including their pedigree and other genetic Information has not been verified by the Vendors or the Selling Agents, unless stated otherwise. Whilst all care is applied in producing this catalogue, industry experience suggests that up to 4-5% of DNA parent verification tests may have errors. Consequently, the Vendors and the Selling Agents and their representative(s) do not assume any responsibility whatsoever for the correctness, use or interpretation of the information on animals included in this sale catalogue. Except for the satisfaction guarantee and its conditions mentioned elsewhere in the catalogue, the vendors and the selling agents make no warranties about the animals in relation to disease, ailments or genetic disorders, however in the case of dispute, the liability of a vendor in respect of claims shall not exceed the purchase price of the animal/s.
